SYSTEMS MANAGEMENT:
TEXT AND CASES**

James I. Cash, Jr.,
F. Warren McFarlan, and
James L. McKenney

A-1251

Contents

1. Introduction	1
The Challenge of IS Technology. Complexity of the IS Management Task. Senior Management Questions.	
Case 1-1: Quality Life of New York, 13	
2. IS Manageable Trends	25
Introduction. Theme 1—Strategic Impact. Theme 2—Merging of Technologies. Theme 3—Organizational Learning. Theme 4—Make-or-Buy. Theme 5—Systems Life Cycle. Theme 6—Power Balance among Three Constituencies.	
Case 2-1: Automatic Data Processing, Inc., 39	
Case 2-2: Mark Twain Bancshares, Inc. (1980) (A), 59	
3. IS Technology Organization Issues	69
Introduction: <i>Special Nontechnical Information Services Environmental Factors. Merging the Islands of IS Technology. Organizational Patterns of Managing the Technologies: Merging Data Processing and Telecommunications. Merging Telecommunications and Office Automation. Merging Data Processing and Office Automation. Phases of Technology Assimilation. Patterns of Hardware/Data Distribution: Pressures toward a Large Central Hub of a Distributed Network. Pressures toward a Small Hub and Primary Distributed Environment.</i>	
Case 3-1: Metropolitan National Bank (A), 91	
Case 3-2: Decatur Industries, Inc., 107	

4. Organization Issues in IS Development 127

Pressures toward User Dominance: *Pent-Up User Demand*. *The IS Market Is Growing in Services and in a Competitive Fashion*. *User Control*. *Fit to Organization*. *User Learning: Summary*. Pressures toward IS Control over Development: *Staff Professionalism*. *Feasibility Study Concerns*. *Corporate Data Base System*. *Initiative Center for New Ideas*. *Fit to Corporate Structure and Strategy*. *Cost Analysis: Summary*. *IS-User Responsibilities: IS Responsibilities*. *User Responsibilities*. *General Support and Policy Overview*.

Case 4-1: Air Products and Chemicals, Inc.—MIS Evaluation of End-User Systems, 145

Case 4-2: McGraw-Hill Book Company—Microcomputer Resource Center, 165

Case 4-3: The Marrett Corporation Systems Planning Committee, 189

5. Information Systems Planning: A Contingent Focus 209

Pressures to Plan—General Consideration. Pressures to Plan—Situational Considerations. Limitation in Planning Benefits. Planning as a Resource Drain. Fit to Corporate Culture. Strategic Impact of IS Activities. *Example of Use of Grid*. *IS Management Climate*. *IS Planning and Corporate Strategy: Generic Strategies*. *Review-of-Operations Strategy: Summary*. Corporate Environment Factors Influencing Planning. Corporate Environmental Factors—An Example.

Case 5-1: Corning Glass Works, Inc.—Information Systems Planning, 233

6. IS Management Control 253

Introduction. IS Technology Evolution and Management Control: *Corporate Culture Forces on the Control System*. *Corporate Planning and Control Process*. *Strategic Impact of IS on the Congruence of IS Business Controls: Summary*. *Control Architecture: Unallocated Cost Center*. *Allocated Cost Center and Chargeout*. *Profit Center*. *Investment Center: Summary*. *Control Process (Financial and Nonfinancial): Zero-Based Budgeting*. *Periodic Reporting*. *Nonfinancial Reporting Process*. *IS Audit Function*.

Case 6-1: Lane Bryant Data Management, 278

Case 6-2: BARCO, 299

7. A Portfolio Approach to IS Development 311

Elements of Project Risk. Project Categories and Degree of Risk. Assessing Risk in Individual Projects. Portfolio Risk Profile. Contingency Approach to Project Management (by Project Type): *High Structure-Low Technology*. *High Structure-High Technology*. *Low Structure-Low Technology*. *Low Structure-High Technology*. *Relative Contribution of Management Tools*.

- Case 7-1: Studsel Automotive Company, 328
- Case 7-2: Dallas Tire Corporation—Project Planning and Management Control System, 349

8. Operations Management 379

Changing Operations Environment. Developing an Operations Strategy: System Design and Operations. Externally Sourced Services—Pressures and Challenges. Service Sourcing—Decision Authority. Examples of Different Organization Approaches to Life-Cycle Control. Technology Planning. Managing Capacity. Managing the Work Force. Production Planning and Control. Security.

Case 8-1: New England Farmers Cooperative, Inc. (A), 409

Case 8-2: Centralized Information Services, 426

Case 8-3: Intercontrol Chemical Corporation, 439

9. Multinational IS Issues 457

Country Diversity. Country/IS Environment. Company and IS Requirements. Multinational IS Policy Issues.

Case 9-1: Northern Star Electronic AB (A), 475

Case 9-2: Singapore Bus Service, Ltd., 487

10. The IS Business 507

Introduction. The IS Marketing Mix. Role of the Board of Directors. Role of IS Chief Executive Officer.

Case 10-1: Concordia Casting Company, 524
